

BRIEF UPDATE ON AXES

(Preliminary) Results

Magnets aligned along mechanical axis. Lines show magnetic axis of SSU, FC2 and SSD.

NB: Error bars are on the order of 0.5 mm

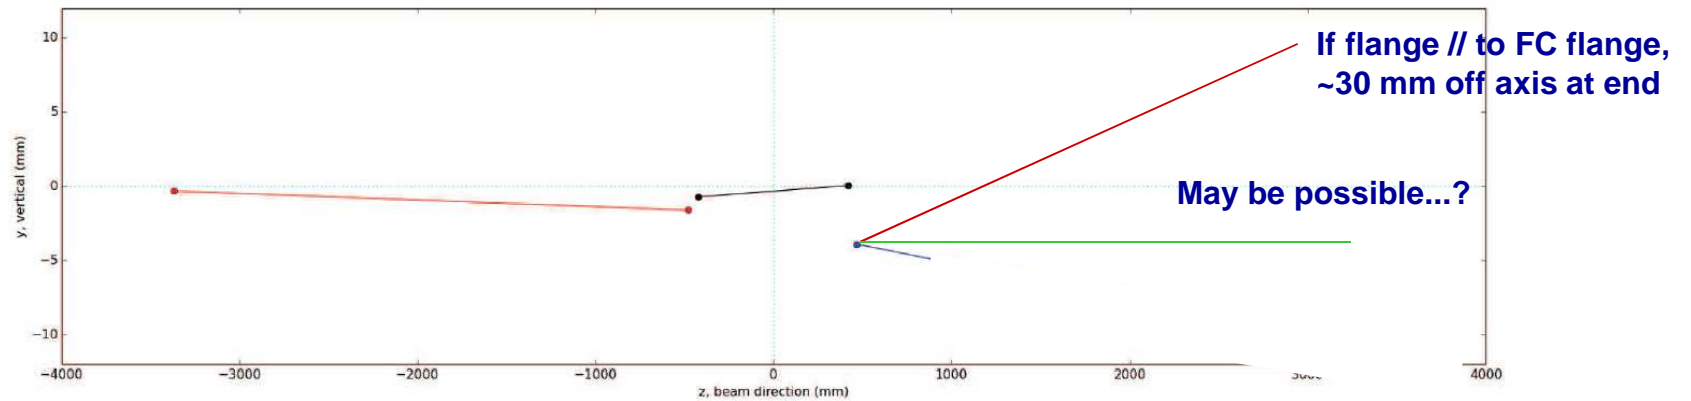

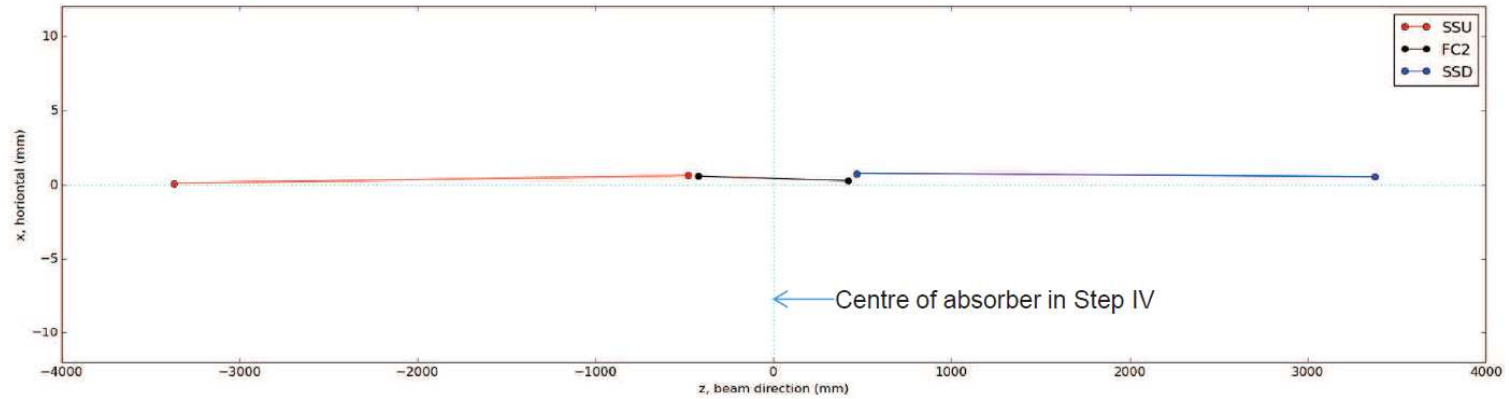

Shown at last week's VC

Did not allow for Flange not being parallel to Warm Bore (= surveyors' x axis)

AS OF 14/V/15

(Preliminary) Results

Magnets aligned along mechanical axis. Lines show magnetic axis of SSU, FC2 and SSD.

Not to scale
