

Analysing and interpreting Hall
probe data
First attempt

J. Pasternak

17/12/2015

Reading SSU Hall probe readings from 7th October run

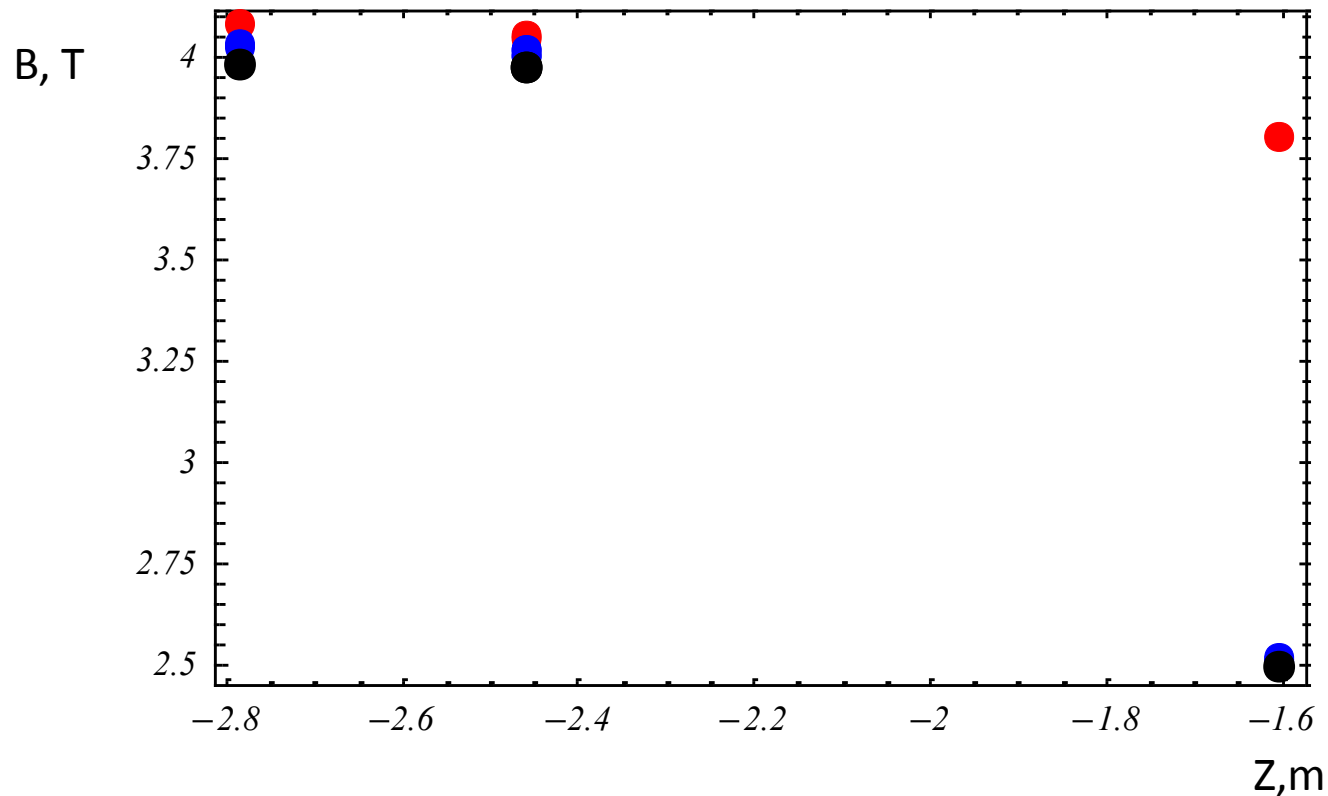

Hall probes: Black -77, Blue 65, Red - 79, Green -67.

Many thanks to Melissa
for her input

Trying to evaluate it using our model

- Warm dimensions used at the moment

Suspected mistake in position of probe 67 (checking needed)
