

MAUS - Bug #355

Bad error message in Simulation

01 March 2011 06:25 - Rogers, Chris

Status:	Closed	Start date:	01 March 2011
Priority:	Normal	Due date:	
Assignee:	Rogers, Chris	% Done:	100%
Category:	Simulation	Estimated time:	0.00 hour
Target version:	MAUS-v0.0.1		
Workflow:			
Description			
If Simulation fails to find the configuration file, it doesn't say what file name it was looking for. How can I debug it?			

History

#1 - 01 March 2011 10:32 - Tunnell, Christopher

example output? what configuration?

#2 - 18 March 2011 05:51 - Rogers, Chris

- Status changed from Open to Closed

- % Done changed from 0 to 100

Think I got the wrong end of some stick somewhere...
