

MAUS - Feature #866

Overview of online reconstruction

18 January 2012 15:15 - Jackson, Mike

Status:	Closed	Start date:	18 January 2012
Priority:	High	Due date:	
Assignee:	Jackson, Mike	% Done:	100%
Category:	Online reconstruction	Estimated time:	0.00 hour
Target version:	MAUS-v0.2.0		
Workflow:	New Issue		

Description

From a question on today's telcon. We have *how* to run the online reconstruction, Celery etc in the control room ([Deployment](#)) and overviews of the individual components ([Celery Configuration](#), [Document Cache Configuration](#)) but not a page on the overall setup - background to what each component does and what runs where. So, add some, with an client-server image.

History

#1 - 23 January 2012 10:50 - Jackson, Mike

Reuse content/images from CHEP poster and EPCC presentation (when written).

#2 - 13 February 2012 09:25 - Jackson, Mike
